vPvB: not applicable		

### Version: 2

3. <u>Composition/Information on Ingredients</u>			
Chemical characterization: Mixture			
Description of the mixture: Aqueous solution of polyacids and methacrylates			
Hazardous components:			
CAS-Nr. 868-77-9 2-Hydroxyethyl-methacrylate GHS07, H315, H319, H317			
4. First-aid measures			
General information: Seek medical advice, if symptoms occur, which can be caused by the product.			
after skin contact: wash with plenty of water and soap			
after inhalation: supply with fresh air			
after eye contact: rinse opened eye for several minutes under running water and consult a doctor			
after swallowing: seek medical advice if problems persist.			
5. Fire fighting measures			
Extinguishing media:			
CO <sub>2</sub> , powder, water spray.			
Use extinguishing method and media suitable to surrounding fire			
Special hazards arising from the substance or mixture No further relevant information			
available			
Protective equipment Wear self-contained respiratory protective equipment			
6. Accidental release measures			
Personal precautions, protective equipment and emergency procedures: not necessary			
Environmental precautions:			
Do not allow to enter drains/surface water/ ground-water.			
Methods for cleaning up:			
Absorb with liquid binding material. Clean up affected area.			
Reference to other sections:			
See Section 7 for information on safe handling			
See Section 8 for information on personal protection equipment			
See Section 13 for disposal information			
7. <u>Handling and storage</u>			
Handling:			
This product should only be supplied or handled to dentists or dental technicians or upon their			
instructions.			
Precautions for safe handling: Observe normal care for working with chemicals			
Information about fire and explosion protection: No special measures required			
Storage:			
Requirements at storerooms and containers: Store only in the original containers			
Further information on storage conditions: Store at dry place, at room temperature (< 25°C).			
Store away from food stuffs. Always store with lid on			
Specific end uses: No further relevant information available			

#### Date of issue: 28.02.2020 Printing date: 28.02.2020

#### Version: 2

8. Exposure controls/personal protection			
Components with limits of values to be supervised at the workplace:			
The product contains no relevant quantities of components with limit values to be			
supervised at the workplace.			
Additional information: The lists valid during the making were used as basis			
Personal protective equipment:			
General protective and hygienic measures:			
The usual precautionary measures are to be adhered to when handling chemicals.			
Keep away from foodstuffs and beverages.			
Hand protection			
Protective gloves.			
-	the glove material can be given for the product.		
<b>Eye protection:</b> safety glasses			
Respiratory protection: Required, when a	erosols are generated		
9. Physical and chemical properties			
Information on basic physical and chemical properties			
Appearance			
Form:	liquid		
Color:	colorless		
Odor:	faint odor		
	Value Unit Method		
Safety relevant basic data			
Melting point/melting range:	n.a.		
Boiling point/boiling range:	approx. 100 °C		
Flash point:	>100 °C		
Ignition temperature:	Product is not selfigniting		
Danger of explosion:	None		
Density:	$1.10 \text{ g/cm}^3$		
Vapor pressure:	Not applicable (soluted substance non volatile)		
Viscosity:	liquid		
pH	ca. 2.5		
Solubility in/miscibility with:			
Water:	Very soluble		
Content of solvents:	none		
Organic solvents:	none		
10. <u>Stability and reactivity</u>			
Thermal decomposition / conditions to be avoided			
No decomposition if used according to specifications. Avoid heat, direct sunlight, reactive			
materials e.g. peroxides.			
Possibility of hazardous reactions: No dangerous reaction known			
<b>Conditions to avoid:</b> No further relevant information available			

Incompatible materials: No further relevant information available

Hazardous decomposition products: No dangerous decomposition products known.

#### Date of issue: 28.02.2020 Printing date: 28.02.2020

11. <u>Toxicological information</u>			
Acute toxicity:			
Primary irritation:			
skin: irritating effect			
eye: irritating effect			
Sensitization: risk of skin sensitization			
Additional toxicological information:			
Allergic reation by chronic exposure to product are possible.			
When used and handled according to specifications, the product does not have any harmful			
effects to our experience and the information provided to us.			
12. Ecological information			
Toxicity:			
Aquatic toxicity: No further relevant information available			
Persistence and degradability: No further relevant information available			
Behavior in environmental systems:			
Bioaccumulative potential No further relevant information available			
Mobility in soil No further relevant information available			
General information: Do not allow undiluted product or large quantities of it into surface water			
or sanitary sewer system			
13. Disposal considerations			
Product:			
Recommendation:			
Use proper landfill disposal or incineration in accordance with local, state and federal regulations			
Uncleaned packaging:			
<b>Recommendation:</b> Disposal must be made according to official regulations			
14. Transport information			
Land transport ADR/RID and GGVS/GGVE (Germany)			
Not classified as dangerous goods in the meaning of transport regulations			
Sea transport IMDG			
Not classified as dangerous goods in the meaning of transport regulations			
Air transport ICAO-TI and IATA-DGR			
Not classified as dangerous goods in the meaning of transport regulations			
15. <u>Regulatory information</u>			
Classification according to EC-guidelines:			
The product is a medical device according to EC-directive 93/42 EEC.			
Chemical safety assessment:			
A Chemical Safety Assessment has not been carried out.			
16. Other information:			
Changes compared with the previous version:			
Adaptation according to REACH-regulation (EC) No. 1907/2006, Article 31			
The above information is based on our present day knowledge and relates solely to the safety			
requirements of the product. The data do not signify any warranty with regards to products			

requirements of the product. The data do not signify any warranty with regards to products properties. However users of the product should satisfy themselves that the information given is sufficient and correct for their specific circumstances of use.
